

NDIENE NETSHIKWETA

RESUME

PROFILE SUMMARY

I am a dynamic and results-driven individual who thrives on embracing challenges and delivering innovative solutions in the IT field. My goal is to contribute effectively to a forward-thinking organization by leveraging my technical skills and collaborative spirit to drive projects to successful completion.

PROJECTS

WORK INTEGRATED LEARNING

PROJECT MANAGER and TEAM LEADER

- For my school project, my team and I were tasked to design and configure a campus network infrastructure. We worked out the necessary equipment, appropriate topology, and configuration, along with the IP address schema, IP address management, secure wireless access, internet sharing, features, and services. Lastly, we designed a network topology diagram and did a budget.

WEB DEVELOPMENT

WEB DESIGNER AND DEVELOPER

- For my school project, I was tasked to create a website for any organization or store in need of it. I created a website for a local brand COZY, which allows users to buy clothing online at the comfort of their own home.

Deloitte Australia Data Analytics Job Simulation on Forage - April 2025

- Completed a Deloitte job simulation involving data analysis and forensic technology
- Created a data dashboard using Tableau
- Used Excel to classify data and draw business conclusions
